

Nov. 12, 2020 | Indonesia - Village Will Not Allow Renovation for Christian Home

A Christian in Indonesia has been told by local officials that she cannot renovate her house if she intends to use it for Christian purposes. The local village council of Ngastemi village sent a letter to the believer telling her that her Christian activities had caused unrest in the village. "It is prohibited to hold Christian meetings and/or prayer meetings ... in order to create a harmonious atmosphere between people, especially in Karangdami colony," the letter said. Pray that this woman along with other believers in her village will come to an agreement with authorities about practicing their faith.

Nov. 12, 2020 | Laos - Pray for Village Elder Ostracized by Family for Faith

Khampang came to Christ after witnessing God's goodness and being healed. Only two others in his village were Christians, and both had experienced harsh reactions from their families. One young man was disowned by his family, and a teenager was kicked out of his family home. As a result, both young men were forced to leave the village. Community leaders were reluctant to punish Khampang, who is an elder, but they still worked against him, convincing Khampang's wife that his decision was illegal. She refused to sleep in the same bed as him and gave him small portions of food or nothing at all. When Khampang recently met with VOM partners, large tears rolled down his cheeks as he shared how his family had rejected him. Pray that he will be reconciled with his family while staying faithful to Jesus Christ.

Khampang is discouraged by his family's rejection.

PRAYER REQUESTS (new requests are in bold)

- **Candice Rossing** - fell recently, and has not been healing properly. She had a bone biopsy performed and is going to Falk Center for further diagnosis. She is in need of encouragement - phone calls, cards and visits. If you would like to visit, contact Michelle Forman and she can help set it up.
- **Kelly Maloney** - is home and doing well from her gallbladder surgery. She asks for prayer for healing and for wisdom not to push herself too hard as she heals.
- **Sandy Terry** - Joe & Allison Terry's mom cancer markers have gone up. Her tumor count has gone from 8,000 to 19,000 and she has a blood clot in her lung. They have stopped chemo at this time. Please pray for grace and peace for the whole family and for the potential of a drug treatment trial that she could be a part of.
- **Lynn Maki** - says "Thank You" for all the prayers for her brother Doug - Amber Grover's father. His spinal surgery went well. He is home and getting around nicely. Praise God for all that he is doing!
- **Beth Murray's mom** - Beth Jones, fell and broke her hip the other week. She is doing well following her surgery, and is currently in rehab.
- **John Whitcomb** - asks for prayer for a good outcome from a biopsy he is having tomorrow November 19. Previous exams and tests have been inconclusive.
- **Chris Brenza's** - brother David passed away the other week. David was only 68, yet he had been at Elcor for several years. Please pray for Chris as he grieves the loss of his brother. Please reach out to Chris as well. He and David were very close and Chris needs the care of those around him and who love him.
- **Sam Thomas** - asks for continued prayer for his wife, Marcy. Praise the Lord she is now recovering well from her lumpectomy surgery. She had an important appointment the other day with the surgeon. Also, her father, Ed Lindsey has been in the hospital for now about two weeks with some health issues.
- **Nancy McLaurin** - granddaughter Gianna Joy entered the world with a blood complication. She is home now, and has gained 2lbs. Her number are not going up, which is a very good sign and doctors are happy with her progress. Nancy, Shanetha and the family are grateful for your prayers!
- **Amber** - Gina Kellogg's 18 year old niece is expecting. The father is not in the picture. Pray about decisions for her to come and live with Jim & Gina.

PRAYER REQUESTS (new requests are in bold)

- **Sandi Coolbaugh** - took a turn for the worse yesterday morning. Her lungs were shutting down so they sedated her and she is now on a respirator. Dave is off his Q and their son Bruce goes over every day. Dave also has the beginning of dementia.
- **Jim Williams** - asks for prayer for his granddaughter Aryabella. She is only a few weeks old and an ultrasound revealed that one of her kidneys has shut down. They are monitoring right now to see if it opens on its own again. The other one is working so no imminent danger.
- **Rocky Morgan** - was having trouble yesterday controlling his face muscles. Of course, this is a potential sign of a stroke; however, Rocky has had Bells Palsey in the year. He went to the emergency room at Corning Hospital and an Echo Cardiogram was done and a CT scan with nothing abnormal found. However, they admitted him and are keeping him until at least Thursday. Please pray that the doctors will find the cause of the problem and that it can be treated. Please keep Mary in your prayers as this leaves her at home. She just came home on Monday from her knee replacement. Pray for her recovery and care.
- **Rob & Karen Wood** - are both sick and have been diagnosed with COVID. Rob now has pneumonia. Pray for a quick and complete recovery.

"Likewise the Spirit helps us in our weakness. For we do not know what to pray for as we ought, but the Spirit himself intercedes for us with groanings too deep for words. And he who searches hearts knows what is the mind of the Spirit, because the Spirit intercedes for the saints according to the will of God."
